**INSTRUCTIONS FOR THE COMPLETION OF CORE HEALTH STATUS INDICATOR FORM C2
CORE HEALTH STATUS INDICATORS 06 AND 07**

General Instructions:

A glossary of terms applicable to this form is presented in Section 5.1 of this document.

Complete all required data cells. If an actual number is not available make an estimate. Please explain all estimates in a footnote.

The purpose of this form is to show, annually, selected Medicaid and SCHIP indicators in the State. These core health status indicators deal with data that is to be shown every year. Indicator #06 has four parts (A through D) and indicator 07 has three parts (A through C). Specific instructions are:

Specific Instructions:

Core Health Status Indicator # 06 (Medicaid and Non-Medicaid Comparison)

In the first column, under the health status indicator title, check the appropriate box that shows the data source. In the next column enter the specific year for the figures reported. Then:

For **06A**, in the appropriate cells, enter the percentage of Medicaid infants, Non-Medicaid infants and all infants born at a low birth weight (<2,500 grams) in the reporting year.

For **06B**, in the appropriate cells, enter the rate (per 1,000 infants) of Medicaid infant deaths, Non-Medicaid infant deaths, and all infant deaths in the reporting year.

For **06C**, in the appropriate cells, enter the percentage of Medicaid covered pregnant women, Non-Medicaid covered pregnant women and all pregnant women who entered care in the first trimester in the reporting year.

For **06D**, in the appropriate cells, enter the percentage of Medicaid covered pregnant women, Non-Medicaid covered pregnant women and all pregnant women with adequate prenatal care in the reporting year.

Core Health Status Indicator # 7

In the second column enter the specific year for the figures reported. Then:

For **07A**, enter the percentages of poverty level required for Medicaid and SCHIP program eligibility for all infants 0 - 1 in the State.

For **07B**, enter the percentages of the poverty level required for Medicaid and SCHIP program eligibility for all Medicaid and SCHIP children in the State. In the first column, under the health status indicator titles enter the age range used for the reported figures.

For **07C**, enter the percentages of poverty level required for Medicaid and SCHIP program eligibility for pregnant women in the State.
